Will Start Work on Sewage Plant Next Week at Orland Park

Work on the sewage treatment plant to be erected at Orland Park by the Metropolitan Sanitary District of Chicago is scheduled to begin April 1, weather permitting.

A letter to this effect was received by Mayor W. R. Schussler, Jr., from Chief Engineer H. P. Ramey and read at the regular village board meeting Monday night.

Members of the village board have been working to this end ever since the community became part of the Metropolitan Sanitary District in 1956.

At its meeting Monday the board instructed Village Clerk Kenneth Halvorson to write Frank W. Chesrow, president of the board of trustees of the sanitary district, and invite him and his fellow trustees to a luncheon and a ceremony to mark the extension of the district's facilities into this far section of its territory.

"We are highly pleased," said Mayor Schussler, as spokesman for the board, "that the Metropolitan Sanitary District of Chicago is prepared now to start work on a treatment plant to serve our community. We have been working for this for some time and all of us on the village board are delighted that a contract has been let and work will start soon."

"The erection of a treatment plant at Orland Park will do much to cultivate the growth and development of the area."

The village board has also communicated with the builders of the plant, Paschen Contractors, Inc., and has invited officials there to attend the luncheon and to meet with the board at any time.

The Orland Park treatment works is to cost approximately \$299,033 and is designed to handle a population of 8,000. According to Chief Engineer Ramsey the plans are such that the plan can be expanded to serve double the initial capacity.

The plant is to be erected on a nine acre site on the east side of the Wabash tracks at 146th street. This site was provided by the developers of Orland Park Hills thru arrangements with the village board.

The contract includes a pumping station, two 30 ft. diameter Imhoff tanks for primary treatment; a 110 ft. diameter trickling filter for secondary or final treatment; a 35 ft. diameter final settling tank to settle the sludge, and (Continued on Page 2)

Family Fun Night Program At Orland Park

A father-son basketball game will be featured at the Family Fun night being held in the Orland Park school Saturday, April 4.

The event is being sponsored by the Parent-Teacher association. Doors will open at 6 p.m. The basketball game will start at 7:30 p.m.

There will also be a bake sale, and carnival events, including a fish pond, movie cartoons, fortunes, cake walk and games of skill.

Clowns and a high school pep band will provide entertainment.

Proceeds from the affair will be used by the PTA to purchase equipment for a future hot lunch cafeteria at the grade school.

Post Office Job Open at New Lenox; Plan Examination

The U.S. Civil Service Commission announced that an examination will be given for a career appointment as post office clerk and carrier at New Lenox.

Applicants can obtain a form at the New Lenox post office. The application card must be filed with the Examiner in Charge, Board of U.S. Civil Service Examiners, U.S. Post Office, Joliet before the closing date. The closing date is April 20.

The written test will be given at Joliet. Time and place will be announced later.

According to the notice concerning the examination, the person named will be employed as a substitute. Substitute employees are paid at the rate of \$2 an hour. Eventually the substitute scale reaches \$2.42.

Grade School Bands in Area Win Dist. Honors

The four village grade schools in the Lincoln-Way high school district, New Lenox, Frankfort, Mokena and Manhattan, all won firsts in the North East District No. 5 annual band contest conducted last Saturday, March 21, at the Rockdale elementary school.

Mokena, Frankfort and Manhattan, all of whom have enrollments of less than 350, competed in Class E. New Lenox was in Class D.

State music contests, bands, soloists and ensembles, and vocal groups are placed in certain classes that are determined by enrollments.

The success achieved by the Frankfort and Mokena bands was a double triumph for Perry L. Friedman, as he directs both organizations.

Otto A. Mattel, of Joliet, who directs the Chaney grade school band, is in charge of the young musicians from Manhattan. Mattel's Chaney band, also won a first in Class D.

Director of the New Lenox band is Milton Mojziz. The winners will now compete for state honors. The New Lenox band will compete at a Laraway school south of Joliet; and Mokena, Frankfort and Manhattan at Ashton. The state contests are scheduled for April 24-25.

Robert Taylor, director of music at Lincoln-Way high school and always looking for material for his band there, was elated over the success of the grade school bands in his district and congratulated the youngsters and the directors.

Each band competing in the district contest played three selections of its own choosing. Mokena's selections were: "Southern Illinois Band Masters Association March," by H. Akers and "Magnolia Overture," by J. Olvidotti.

The music chosen by Frankfort included the "Corsair March," by McLin; "Singing Sands Overture," by Foreman and "Beau Geste Overture," by F. L. Buchtel.

The contest numbers played by Manhattan were "Headway March," by H. Bennett; "Viceroy Overture," by R. Powers, and "Medallion Overture," by H. Johnson.

The pieces played by the New Lenox band were: "Hall of Fame Concert March," by Olvidotti; "Mystic Gardens Overture," by Buchtel and "Little Classic Suite," by Akers.

A large delegation of parents accompanied the bands to the district contests.

Easter Journey

Once—before an Easter dawning,
As I lay in troubled sleep,
Thoughts aroused the soul within me
To the trust it had to keep.
Time rolled back as foaming billows
Toss upon untraversed seas.
Days, long past, came into being,
Drawn from sacred memories.
It was night within a garden,
Angel whispers filled the air,
Gently breathing heav'nly comfort
On the Figure knelt in prayer.
Tears that pleaded for God's strength'ning
On the ground in anguish spilled.
For the Lamb had reached the altar.
Now the time had been fulfilled.
As He lifted up His loving face,
He spoke, the Holy One,
Words of great, divine acceptance:
"Not My will, but Thine be done."
Torches lit the branched garden
With a sudden burst of light.
Cruel men had found their victim.
Now they led Him through the night.
Within the marble columned court
I stood among the throng
As they tried Him most unjustly,
For in Him there dwelt no wrong.
With mob violence they cried it:
"Crucify Him!" was the shout.
As its echo pierced my senses,
For my own voice too cried out.
And as His friend denied Him,
While the distant cock crow came,
Peter's gaze met with His Master's
In a look of utter shame:
With amazement I beheld them
As the truth was sorely known,
For the words and face of Peter
Were none other than my own.
I cried out for understanding
Of the things I'd seen and heard;

How could I condemn, deny Him
In the ways which all occurred?
The answer came from Word, eternal:
"When you give to one athirst,
When you feed and clothe and comfort,
And worn, aching hearts you've nursed,
Inasmuch as ye have done it
To the least of those you love,
Behold, likewise, have you done it
To the Son of God above."
"And when you have unfairly judged
Those safely dwell in you,
Denying them the Christian love
Which is your earthly due,
Inasmuch as ye have done it
To the least of those you love,
Behold, likewise, have you done it
To the Son of God above."
In the past, Frankfort, like
Mokena, has collected water
bills semi-annually. The usual
practice has been to pay the
minimum and then have the

Winners in FFA Speech Contest At Lincoln-Way

Wilbur Weber of Mokena and Bryan Smith of Manhattan won the right to speak for Lincoln-Way high school at the annual section 10 public speaking contest to be held at Reddick April 8.

The contest is sponsored by the Future Farmers of America.

Both students received the coveted gold medals.

The Mokena student gave a

report on "The Place of Government Farm Programs in Illinois Agriculture" in an extemporaneous speech contest held at the school Wednesday, March 18.

The Manhattan student's winning speech, a prepared one, was "How to Succeed in Agriculture."

In an extemporaneous contest the participant draws a topic from a hat and is required to give a four minute speech after ten minutes of preparation. The contestant has no previous advice on the subject.

Doug Williams of New Lenox placed third in the contest and was awarded a bronze medal.

Former Lincoln Estates Resident Dies in Florida

Mrs. Dorothy Morganson, 52, a former resident of Lincoln Estates, died last week in her home in Leesburg, Fla., after a lingering illness.

She is survived by her husband, Walter, Leesburg, and a daughter, Mrs. Rose Zar of Chicago.

Funeral services were held in a funeral home in Chicago Saturday afternoon. Interment was in Mt. Hope cemetery.

Thermos bottle corks that have been compressed by use can be restored to normal size by boiling them in a covered pan.

Estimate \$5 a Month Will Pay Sewer-Water Bill at Frankfort

The sewer system, including a treatment plant, proposed for the village of Frankfort, will cost approximately \$485,000, according to an estimate given by the engineer, Robert Hamilton, to the Frankfort village board at a special meeting held Monday night.

This estimate covers all the costs, including engineering and legal fees, contingencies, and interest during the construction period when no money is coming in to the village.

Broken down the estimated costs are divided into three main divisions:

Sewage treatment plant	\$133,000
Sewers	230,000
Fees, contingencies, interest, etc.	122,000
	\$485,000

To finance the project it is proposed to float \$140,000 in general obligation bonds and approximately \$295,000 in water and sewer revenue bonds. The sum of \$50,000 is available from private sources, it was said, and if the village is successful in getting a grant from the federal government, such as Mokena did, the cost would be further reduced for the public, it was pointed out. Mokena received a grant of some \$60,000. If Frankfort gets one, however, it will not be that large because Congress has placed an added ceiling on such grants. It was explained. And as yet there is no information as to whether congress will renew the arrangement this year. The grants are made in conjunction with a program to free streams of pollution.

There are 350 water users as of now in Frankfort. The average water is like what it used to be in Mokena, around \$25 or \$30 a year. To pay for sewer and water, according to Hamilton's figures, it will cost the average Frankfort family about \$60 a year, an increase of \$35 to \$40 a year over what is paid now for water alone.

In the past, Frankfort, like Mokena, has collected water bills semi-annually. The usual practice has been to pay the minimum and then have the total adjusted at the close of the year after meter reading.

Under the proposed sewer plan bills would be paid every two months on meter readings.

The proposed rate would be \$9.20 for the first 4,000 gallons; \$1.25 a thousand for the next 6,000 gallons; 75 cents per thousand for the next 10,000 gallons and 50 cents a thousand for the next 10,000 gallons; 45 cents a thousand for the next 20,000 gallons and 35 cents a thousand for all over 50,000 gallons.

A campaign to acquaint the residents of Frankfort with the details of the sewer sys-

tem is being planned by the village board. All members of the village board are back of the proposed improvement and urge approval by the people.

A special meeting is to be held at the village hall next Monday night at 8 o'clock to which all organizations in the municipality are invited to send one representative. These representatives will report back to their organizations with details of the proposed improvement.

Later there will be general mass meetings at which the subject will be discussed thoroughly and persons present given opportunity to ask questions. The village board will select a date for the referendum on the G. O. bonds soon. It is possible, it was pointed out, that bids could be sought on the sewers by the end of April.

Septic tanks, according to health engineers, were never intended to serve congested areas.

The organizations invited to the meeting next Monday night for a briefing on sewer plans include: the Lions club, the PTA, American Legion post, American Legion Auxiliary, Woman's club, Fire department, Chamber of Commerce, Plan Commission, Zoning Board of Appeals, the Frankfort State bank and Hedges Clinic.

New Mail Dispatch In Force at New Lenox Post Office

Lester Brown, New Lenox postmaster, announces a new mail dispatch on Sundays and holidays.

Mail will now be collected at 4 p.m. on these days at all collection boxes, which will be dispatched via Joliet motor vehicle service at 5:15 p.m.

The latest possible drop for letters at the post office on Sundays and holidays will be 5 p.m.

School Children Witness Lenten Play at Seminary

On Sunday, March 22, about 35 children of St. Jude's School, New Lenox, attended the Lenten play "A Fantasy of Passion" at St. Joseph's Seminary in Westmont.

Dennis Griffin, a seminarian, son of Mr. and Mrs. Harry Griffin of St. Jude's parish had the lead part. Dennis did a magnificent job portraying a wealthy apostate Catholic, injured in an auto accident and hospitalized, who relived various scenes of his sinful past life. Before expiring on Good Friday, he received the grace to see how his sins played a part in the Passion of Christ.

The cantata, "No Greater Love," will be given at the church.

Board Seeks Ban On Trailer Courts

To prevent establishment of additional trailer courts within Consolidated high school district 230 and construction of objectionable industry near a school, the Carl Sandburg High school board adopted a resolution March 9, and has alerted villages within the district to advise them of any public hearings on rezoning of land within their jurisdiction and the boundaries of the school district.

The village of Tinley Park has agreed to the request, made by board president W. R. Blue. Other villages to which similar requests have been made are Worth, Orland Park, Willow Springs, Bridgeview, Hickory Hills, Chicago Ridge, and Palos Hills.

The board believes that the financial welfare of the school district would be adversely affected to a major degree by establishment of trailer courts, which add to school operating expenses and yield little tax revenue. The board expresses disapproval of the efforts of certain persons to establish a trailer court on 159th st., near Route 45. Rumors have also reached their ears of others contemplating establishing of trailer courts within the school boundaries.

"In the end of the sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre.

"And behold, there was a great earthquake; for the angel of the Lord descended from Heaven, and came and rolled back the stone from the door, and sat upon it.

"His countenance was like lightning, and His raiment white as snow;

"And for fear of Him the keepers did shake, and became as dead men.

"And the angel answered and said unto the women 'Fear not ye; for I know that ye seek Jesus which was crucified.'

"He is not here," for he is risen, as he said. Come, see the place where the Lord lay."

These words, spoken about 2,000 years ago, will be repeated in churches throughout the world as Christians gather on Easter Sunday to rejoice in worship at the Resurrection of Christ.

Special services, some at Sunrise, will be held in all area churches. About 500 people are expected to attend the annual intercommunity Easter Sunrise service at the Community Center Foundation, Palos Park, to be held in the great hall of the main lodge and on the chapel hilltop. Assisting in the services, which will begin promptly at 7 a.m., will be ministers of four nearby communities and the Rev. Paul T. Sanders, director of the Foundation.

Following a preparatory service in the main lodge, the participating ministers and the choir of the Community Methodist church of Palos Heights, will lead the procession in silence to the hill top in front of the Wayside chapel. Facing east with the morning rays reflecting over the horizon the service of Resurrection will be conducted. A continental breakfast will be served in the lodge after the outdoor ceremony. (Reservations for the breakfast should be made by calling the Foundation office, GI 8-0780.)

MOKENA

On Easter Sunday there will be a sunrise service at 6:30 a.m. at St. John's church, followed by a breakfast at 7 a.m.

At the Sunday school Easter festivities at 9:30 a.m. the decoration of a wooden cross with fresh flowers will take place as a symbol of the Resurrection. The two children's choirs will sing.

The Easter praise service will start at 10:45 a.m. The church choir will sing and the chancel will be decorated with floral decorations.

The choir of the Park View Baptist church will present its second annual Easter cantata at 7:30 p.m. on Easter Sunday at the church.

The cantata, "No Greater Love," will be given at the church.

Unsightly industrial installations, regardless of whether classed as light industry, are objectionable close to a school, the board contends. The board has purchased a 40 acre tract of land at 111th st. and R. 45th rd., on which it expects to erect a high school in 1963 or 1964 and evidently fears rezoning of surrounding property might result in industry being located near the site.

According to land planners, industry does not favor locating near schools because of health and safety factors.

Low Cost Housing Developments Can be Expensive, Say Planners

With the great growth expected in this region as a result of the St. Lawrence seaway, every community will be affected, according to geographers and economists who have been studying the situation.

Some municipalities have retained planning firms to aid their efforts in preparing to meet this expected growth. Mokena and Frankfort plan commissions and village boards will have the advantage of having a land-use plan covering the entire area.

Representatives of Educational Technical Consultants Inc., who are preparing land-use maps for Frankfort and Mokena advise villages not to encourage subdivisions made up of low cost homes, because the cost of services for such developments is more than they produce in taxes.

This is particularly true in the case of schools, it was pointed out.

In Mokena there has been talk of a 250 home subdivision southeast of the present village limits and it has been estimated that such a project would add 200 children to the school population.

The cost per pupil in the Mokena public schools for the 1958-59 school year is figured at \$158.40 as compared to \$153.37 for 1957-58.

The amount derived from taxes on real and personal property in School District 159 (Mokena) for the 1957-58 school year was \$47,239.93. That includes both educational and building funds. There were 308 pupils.

The amount levied for the current year was \$53,378.84. There were 337 pupils enrolled at the beginning of the year.

The 1958 assessments published last fall, it was pointed out, show that most of the homes in Mokena fall in the \$4,000 to \$8,000 bracket. Homes are supposed to be assessed at 55% of the fair market value.

That one may get a better idea of how little home property pays into school coffers thru taxes, the following table has been prepared, based on the 1957 tax rate which was used in collecting taxes last spring and summer.

The rate per \$100 of equalized assessed valuation in the Mokena grade school district was \$1.042. On that basis:

A home assessed at \$4,000 yielded \$41.68.
Assessed at \$5,000 the yield was \$52.10.
Assessed at \$6,000, the yield was \$62.52.
Assessed at \$7,000, the yield was \$72.94.
Assessed at \$8,000, the yield was \$83.36.

Such figures were given by the planners to illustrate the need of industry.

Besides the grade school there is Lincoln-Way high school. The cost per pupil at Lincoln-Way is approximately \$600 so one can readily see how many years an average homeowner will have to pay taxes to pay the way of a youngster from grade one thru high school, the planners pointed out.

Caucus Picks Candidates for Sandburg Board

Only two candidates are entered for the two places to be filled on the Carl Sandburg high school board of education—Harwood Stellwagon and Herman Wilz.

Both are nominees of the Sandburg caucus. Last Saturday was the deadline for candidates to file for school board posts. The nomination of Stellwagon and Wilz, is therefore, tantamount to election.

They will succeed Herman Gee, of Orland Park, and Mrs. Arthur Schramm, of Palos Park, whose terms expire this year. Neither of the retiring members wished to run again.

Mr. Stellwagon resides at 108th ave. and 179th st., in Orland township. He is currently serving as president of the Maue school board. He has two children in Sandburg.

Mr. Wilz lives on Old Creek road in Palos Park. He was chairman of the building committee of the Evangelical Lutheran Church of the Good Shepherd and also has served as president of that congregation. He has one son in Sandburg.

The Sandburg Caucus, which selects candidates for that school board, is made up of two representatives from all

W.R. Hammond, 21, New Lenox Native, Dies at Joliet

William R. Hammond, 21, of Joliet and a former New Lenox resident, died Mar. 16 in Silver Cross hospital following a long illness.

He was an employee of Sears Roebuck and company for the past four years. He served four months in the U.S. air force in 1956.

Surviving besides his wife, the former Mary Buck of Homer township, are a daughter, Debbie; his parents, Mr. and Mrs. James Hammond; three sisters, Eleanor, Carole, and Marcia, New Lenox; four brothers, James, Joliet; Virgil, Charles and Richard, New Lenox.

Funeral services were held last Thursday in the Sonntag funeral home in Joliet with the Rev. Kenneth Yeoman of Joliet officiating. Burial was in Woodland cemetery, Joliet.

Peotone Unit Dist. Voters OK Tax Increase

The \$68,000 building bond issue proposed by the Peotone community unit school district board at a special referendum held last Saturday was approved by the voters, 1,068 to 738.

The proposition was beaten in Peotone, and Will township but received overwhelming support in Green Garden, and Will townships.

The returns by township:

	For	Against
Green Garden	292	41
Wilton	361	24
Peotone	379	562
Will	36	111
	1,068	738

With the approval of the bond issue the board will now proceed with plans for two four classroom buildings, one in Green Garden and one in Wilton and a 14 classroom building at Peotone.

Voters also approved an increase in the educational fund tax rate from \$1.25 to \$1.65 per \$100 of equalized assessed valuation and in the building fund tax rate from 25 cents to 37½ cents per \$100.

The vote in the district on increase was 1,195 for and 504 against; for the building fund the educational tax fund rate increase, 1,243 for and 517 against. The total vote cast was 1,859.

"The Stick Began to Beat the Dog . ."

One of those cause and effect accidents occurred near the Wabash overpass at New Lenox. A truck carrying bricks shook a few of them loose and they fell on the highway.

Lloyd E. Tomany, 52, of 302 Maple street, New Lenox, came following along in his vehicle. Mr. Tomany operates a TV and radio service and so among the equipment he carries with him on his calls is a ladder.

The car hit the bricks. Roads have been rough indeed, this spring, but rolling over these bricks was still rougher. The vehicle bounced, the ladder bounced. The ladder bounced free and crashed thru the windshield of a following car. The driver of the car, Duane E. Kirchoff, 40, 1135 Westshire drive, Joliet, lost control of the vehicle and it hit a culvert. Kirchoff was treated for cuts and bruises.

Board Slated to Open Bids for School Addition

Bids for construction of an addition to Carl Sandburg high school were not opened Monday night as expected. The board met last night instead at which time it was expected the bids would be read.

More than half the patients in U. S. veterans' hospitals are being treated for non-service-connected disabilities.

organizations in the Sandburg high school district. A nominating committee is named which sifts prospective candidates and those believed to be best fitted for the board are finally chosen by the caucus and given its support.

This does not close the door to anyone else running for the board. Anyone of lawful age and residence who gets sufficient signatures on a nominating petition, and files it on time, may run for the board.

Speech Contest Of Toastmasters At New Lenox

The New Lenox Toastmasters club will be host April 4 to the Toastmasters clubs of this area assembled for their annual speech contest. Dinner will be served by the ladies of the New Lenox Methodist church. Lew Loebe, of the New Lenox club, will be the toastmaster for the evening.

The area includes five clubs in addition to New Lenox, namely: Joliet Mainline, Caterpillar, American Steel, Joliet 692 and Lockport. Each will have a speaker entered in the contest. The winner of this contest will compete in the district contest, whence winner goes on to larger and larger areas until they attain the grand national contest held at the time of the national Toastmasters convention.

Contestants will be assigned topics 24 hours in advance of the April 4 meeting, and use this limited time to prepare a winning seven-minute speech.

Inhalator Revives Mokena Man

Virgil Smith, S. Wolf road, who experienced difficulty in breathing Monday at his home, was revived by an inhalator squad from the Mokena fire department and removed to Silver Cross hospital. He was much improved yesterday.

Firemen from all the communities in the area, Frankfort, New Lenox, Mokena and Orland Park, have been kept busy the past week extinguishing grass fires.

Persons burning trash are urged to take care, especially on windy days, so that the fires do not get out of control. Persons who plan to burn large areas should notify fire men first, it was said, so that a rig and a crew can be assigned to the place to make certain that the flames are kept under control.

a sludge lagoon for the dewatering of the digested sludge. It is expected to be completed in six months.

Effluent from the plant will have two outlets, one into McGinness Slough, and the other into Spring creek, a tributary of Hickory creek.

The project is part of an overall program in which the village is to install sewers in the old sections of the village, now served by septic tanks. Housing developments that have been started or will be started are required to have sewer and water mains installed that will connect with the central system.

Orland Park now has a population of approximately 2,000 and Ramey has figures from experts that would indicate the number would reach 8,000 in another two years and double that in 10 to 15 years.

Infant Recovering After Fracturing Skull in Fall

Michael Orey III, eight-month old son of Michael and Betty Orey of East Circle Dr., Lincolnwood, is home again after a week in Silver Cross hospital for treatment of a skull fracture.

On Monday of last week Mrs. Orey had just finished bathing the youngster and had him lying on the top of the bathinette. She turned aside for a moment to get some cotton and in that time Michael rolled over and off, landing on the floor.

He was taken to the family physician immediately and then to the hospital where x-ray examination revealed a skull fracture. The youngster was released from the hospital Monday of this week and is home again. The Oreys have two other children, both of pre-school age.

The annual cost of federal payrolls has risen in the last 10 years from \$162 per American family to \$255 per family.

Lions Sponsor Easter Egg Hunt At Village Park

The annual Easter Egg hunt, sponsored by the Lions club will be held in the village park Sunday afternoon at 2:30 o'clock. There will be the usual prize eggs and thrilling expectations. Everyone is invited.

Mrs. Fred Knudsen, who has been a patient in Silver Cross hospital, is somewhat improved altho not able as yet to return to her home.

Mr. and Mrs. John Parker and his sister, Mrs. Marion Falzman all of Philadelphia, Pa., spent a few days here last week with their step mother, Mrs. Kate Horras.

Miss Helen Sheridan and Miss Sue Scheffer of Dayton, O., spent five days last week with the former's parents, Mr. and Mrs. Vincent Sheridan.

Mrs. Josephine Benson has returned to her home from Kankakee where she was visiting her son Edwin and family and where she also was a patient in the hospital following a stroke. She is improving nicely. Mrs. George Bisgrove is caring for her.

A son who has been named George Jr., was born in Silver Cross hospital, last Friday to Mr. and Mrs. George Schoeneke of 8700 W. 107th st., Palos Park. Mrs. Schoeneke will be remembered as the former Marie Horras.

Mrs. Mary Juhas, died in her home, 189th and Wolf road, Sunday March 15. She is survived by her husband Sandro, two daughters, Mary Musil and Lillian Nokav and son, all of Chicago; six grandchildren and one great grandchild; and three sisters, all of Chicago.

Funeral services were held in the St. Peter and Paul church in Chicago with burial in Resurrection cemetery.

Hugo Niethammer, front st., who entered Silver Cross hospital last Thursday afternoon, is receiving oxygen and under observation. He is hoping that he will improve sufficiently to return home soon.

Leonard Senglin, son of Mr. and Mrs. Leo Senglin, 194th st., who is a chemical engineering student at Purdue university, La Fayette, Ind., has been accepted as a member of the Pi Kappa Alpha social fraternity there.

Mr. and Mrs. Gordon Spiess will entertain at dinner Easter, his parents, Mr. and Mrs. Harold Spiess, her parents, Mr. and Mrs. Emil Briethauer and his sister, Mr. and Mrs. Ray Bausor of Blue Island. Mrs. James Horras who has been ill is much improved.

Qualification for Building Inspector Reduced at Tinley

On the recommendation of Trustee Robert Suhs, chairman of the building and zoning committee, the Tinley Park village board adopted an ordinance March 16 which would change a previous ordinance covering qualifications required of a village building inspector.

With the change, experience required has been reduced from ten to five years. He must also be a resident of Tinley Park.

Henry Blume, Farmer and Life Resident, Dies

Henry J. Blume, 82, a farmer and lifetime resident of the area, died Thursday March 19, at Silver Cross hospital, Joliet, after a lingering illness.

Born Sept. 20, 1876 in Rich township, Mr. Blume lived on his farm at Ridgeland ave. and Vollmer rd., Tinley Park.

Funeral services were held Monday at St. Paul's Ev. Lutheran church. The pastor, Rev. John Petersen, officiated. Burial was in the church cemetery.

He is survived by his wife, Kate, one daughter, Mrs. Alma Kampe, three sons, Hilbert, John and Reinhardt all of Tinley Park, also two sisters, Mrs. Clara Henke and Mrs. Sophia Dehning, both of Homewood; nine grandchildren and three great grandchildren. Two brothers, Louis and Fred, and a sister, Anna Hotehkin, preceded him in death.

Stores, Village Hall to Observe Good Friday

Business houses in Tinley Park, members of the Chamber of Commerce, will be closed tomorrow, Good Friday, from noon until 3 p.m., so employees may attend church services if they so desire. The village clerk's office will also close at noon. It will reopen at 7 p.m.

Sandburg Track Squad Shows Marked Improvement

Bill Agnew Bright Prospect for Adams; Several Lettermen Back

"We should be better than last year," Bill Adams, head track and field coach of Carl Sandburg High school, flatly stated.

"Our experience should be the big factor in improving our total point production."

"I'm not sure where we finished last year—I think it was third, but I expect the boys to do better. Not to ride the fence—we haven't had much chance to get the boys outside and thus one can only count on improvement over last year's record by returning lettermen," concluded the serious mentor.

Bill Agnew, junior at Sandburg, brought a flick-

er of brightness to Adams' face. Agnew is back and should be stronger than his last year's record.

Agnew set three new SWS conference frosh-soph records as a sophomore in 1958. Bill set records in the high and low hurdles and in the broad jump with a leap of 19'3".

He will be vying with Al Jacklich, wrestling stalwart, for the varsity high and low hurdle job. Jacklich is a good discus thrower. Al is a senior.

Adams is not sure what to expect from his relay teams. He welcomes back only seg-

ments of each team.

The 100, 220, and the 440 dashes are large question marks in the scheme of things. If Dave Moore comes along, the 100-yard dash bill may be filled. Dave ran well his sophomore year, but was badly hampered by charley horses last season.

Reed Williams gives the Eagles plenty of leg strength in the mile and half mile efforts. Williams set a new record in the cross-country match at Bloom over a year ago. His best time in the mile has

been a good 4:46. This, he should reduce.

Bob Stoutour is putting the Adams feels that he should shot at 45 feet; presently, and reach at least 47.

Ron Lawson, sophomore, is currently leading the high-jumps have been in the gym jumpers with 5'6". Lawson's and will, no doubt, increase after he gets on the track.

Mealin Smith and Don Jennings are clearing the pole vaulting bar at better than 10 feet.

Track schedule:

April 9—Argo, Sandburg at Reavis 3:30

April 14—Sandburg at Riverside-Brookfield

April 16—Sandburg at Oak Lawn 3:30

April 23—Reavis at Sandburg

April 25—Palatine Relays

April 28—Sandburg at Rich

April 30—Evergreen, Argo at Sandburg

May 2—Elmwood Park Relays

May 5—Sandburg at Bremen

Eagles to Use Many Sophomores in Baseball

Squad Showing Lots of Hustle; Meyer Hopes to Develop Power

"A lot of sophomores will see action for Sandburg this year," emphasized Baseball Coach Hank Meyer. "They have a lot of hustle. In fact, they have the needed drive to make a winner."

"The big thing that hurt us last year was that we didn't have one .300 hitter on the entire club."

Seventy candidates reported for practice the first night. "This was not too good—Reavis is working with 120 aspirants," remarked Coach Meyer.

"We will be young and going with a lot of sophomores," was Meyer's conclusion as well as his beginning.

So young Eagles will fly the battle colors for the horseshoe gang this season.

"These boys played for us last year but are not assured of positions. In fact, we have no fixtures from last year," Meyer ended the conversation.

Jerry Gorman played first base last year and is battling for the position again.

Jerry Hosier, a senior, could well break the sophomore "iron curtain," according to Meyer.

Ted Siemsen, another senior, might make the only other inroad on the sophomore supremacy. Ted's previous berth has been in the Eagle outfield.

Ted LaVine, freshman starter of last season, will probably be switched from shortstop to second base. He is a sophomore.

Phil Yurtis and Dick Searles have looked fair in pitching workouts at Orland. Neither one has come far enough to suit Meyer.

A "move-back" man, Charley Parks, who played the infield as a sophomore, might help. Parks moved during his junior year, but has come back to the Sandburg district for his senior year.

"Even the sophomores are not set," cautioned Meyer.

Things are wide open on the Orland Park bluff.

STUDENTS AID in preparing field for baseball at Carl Sandburg high school. The trio here is in the process of raking the infield to get rid of sticks, stones and other debris that accumulates thru the winter and can make a baseball bounce like crazy. (Marvin Smith photo)

Anfield Calls Meeting to Form Soccer Team at Tinley Park

Plans for the formation of a soccer team at Tinley Park will be discussed Saturday night at a meeting to be held in American Legion hall at 8 o'clock.

Lyman Anfield, who is heading the movement, urges all persons interested in soccer, especially experienced players who reside in the area, to attend the Saturday night meeting.

The interest displayed at this meeting probably will determine if the plans are to be carried out. The team would be sponsored by the Tinley Park Soccer Football Association. Anfield said, and now has opportunity to join the National Soccer League, Inc.

There are 11 members on a soccer team, a goalie, two inside forwards, two outside forwards, a center, three halfbacks, two fullbacks.

Anfield said he has two players who are ready to sign up. Wes Landau, a goalie, and Bob Lawrence, an inside forward.

"I hope that quite a number of experienced players come to the meeting Saturday night," Anfield said. "While the team will be known as the Tinley Park Tigers and its home field will be on the recreation site at the prospective Bremen high school grounds at 17th and Highland, we will welcome players from other parts of the area."

Anfield hopes to recruit talent from Harvey and other neighboring communities. There is no age limit for players.

Two officials of the National Soccer League, Salvador Alaniz, secretary, and Abe Korsower, a vice president, both of Chicago, are to attend the meeting at Tinley Saturday night. They will show a film of the world championship soccer match.

N. Lenox Riders Win Prizes at Hinsdale Show

The March show of the New Lenox Riding club was held Sunday, March 25 at the Keith Line Stables, Hinsdale, with a very good turnout.

The next show of the club will be held April 26 at the same place. The winners of the show are as follows:

Model Class:

English, 1. Clyde Floyd, Carol Peterson, and D. E. Bourrie; Western: LaVerne Rohland, Janet Timm, and Lucy Saneli.

English Pleasure: Lis Mahn, D. E. Bourrie and Clyde Floyd; Western Pleasure, Sr. Jay O'Neill, Richard Rudish, and Barbara Tuomey; Western Pleasure, Jr. Edith Vittl, Trish O'Neill, and Barbara Rudish.

Trail Class, Sr. George Spolek, Phyllis Cimner, Jay O'Neill; Trail Class, Jr. Sharon Klausung, Bob Treadway, and Jackie Buchert; Reining Class: Harold Bos, Glenn Vally, and LaVerne Rohland; Tire Race: Larry Allen, Dick Stemp, and Don Warning; Clover Leaf—Dick Stemp, LaVerne Rohland and Wesley Ridgeway.

Northwestern Coach to Speak At L-W Dinner

Bill Rohr, coach of the Northwestern university basketball team, will be the speaker at the annual Lions of Lincoln-Way athletic banquet on April 8 at 6:45 p. m.

The banquet is a father and son affair.

Lions of Lincoln-Way is a cooperative effort of the Lions clubs of Manhattan, Frankfort, New Lenox and Mokena. The president and first vice-president of each local club forms the Lions of Lincoln-Way.

Bill Wilson, president of the Frankfort Lions and Lions of Lincoln-Way, will be the master of ceremonies. This banquet honors the athletes of every sport at the high school.

Orland Youth Groups to Plan Baseball Season

The Orland Park Youth Association will meet at 8 p. m., April 3, upstairs in the Orland Park firehouse to formulate plans for the coming baseball season.

The program includes Little League, Babe Ruth, and Police Leagues.

Bill Zinn urges all fathers who will aid in the summer program to be present at this meeting.

Registration for boys of the 8 to 12 age bracket will be held Sunday, April 19 at 1 o'clock at the ball diamond, 151st and West ave. Babe Ruth registration will be held on Sunday, May 3 at the same spot.

Anyone wishing further information may call Bill Zinn at FI 9-0228.

Backwood Trails

One of the sweetest new fishing motors for 1959 that we have seen is the new five horsepower Gale Buccaneer. Made down in Galesburg, it offers all the versatility that a fisherman looks for in an outboard motor. Whether moving at a slow idle, trolling or moving along at 12 mph, she purrs like a kitten.

With the 4 1/2 gallon remote tank, the motor will run for four hours at full throttle. For economy that's good in anyone's book. Weighing only 51 pounds, it is easy to handle on and off the boat and stores in a car trunk easily.

It has a carburetor intake silencer and exhaust muffler which quiet her down and make it an ideal motor for trolling those backwaters, and small bays up north for the big ones. Being mounted on springs, vibration is at a minimum. The spring overload clutch in the gearcase means no shear pin necessary. Anyway you look at it, the new five horsepower Gale Buccaneer is a true fisherman's motor, one that can be depended upon to take it. It's a motor you'll be hearing about.

Last week we received a letter from Nelson Ross who operates "Teal Lake Lodge" just outside of Hayward. Teal Lake and Lost Lake which are connected by a navigable channel, offer some of the finest musky fishing in the State of Wisconsin.

Nelson wanted to tell us about a new book just printed, written by an old time musky fisherman.

He reports that it is one of the most thorough books on musky fishing that he has ever seen, and he is an authority on it. The book is entitled "Musky Fishing" as told by three old time guides to J. W. Jackson. If you are planning on going for musky this summer, you will need all the information you can get, whether you've fished for them before or not.

It's hard enough to hook a big one, but when you do, it is just a start. The important thing is how to land him after wards. The book Nelson tells us about would be a boon to the man who is serious about taking musky. It would take years to gain the knowledge this book passes on in its 128 pages.

Though not a long book every page is in for a purpose. Ross tells us that in the Hayward area during spring and late September and October, area fishermen use live suckers with some success, but after early June and until September, best results are obtained on artificial lures. The most popular lure in

Teal Lake for musky is the black or natural "Billy Finn" Bucktail and it produces 60-70 percent of the catches.

Various other successful lures, which are used on the surface are "Surf Oreno" and "Bobby Bait" which we mentioned last week in our special edition. The perch finish "Pikie Minnow" produces well as an underwater lure. This comes from a man who has been in the business for almost 30 years and he should know.

Till Next Week, Art.

MRS. HAROLD WAGNER

Barbara Carrier of Orland Park Weds Chicagoan at Church Rites

The Emanuel Reformed church of Roseland was the setting for the wedding of Miss Barbara Carrier and Harold Wagner.

The double ring ceremony was performed by the Rev. Van Horn, Saturday, March 7, at 7:00 pm.

The bride is the daughter of Mr. and Mrs. Wm. R. Carrier of Orland Park, and the groom is the son of Mr. and Mrs. Edward Wagner of Chicago.

Serving as candlelighters were Jack Carrier and Clarence Wagner.

The bride, escorted by her father, wore a gown of ice blue lace over satin taffeta with a flowing train and two satin bows on both sides of the dress, fashioned with a square neckline and long sleeves. The fitted bodice was adorned with iridescent sequins. Her fingertip veil and crown were of pearls and sequins. Her only jewelry was a strand of pearls, a gift of the groom. She carried a bouquet of stephanotis and white carnations centered with a white orchid.

Miss Jane Carrier, sister of the bride, was maid of honor and Miss Carol Carrier, sister of the bride, Miss Mary Kollman and Mrs. Betty Meyers were bridesmaids. All wore satin taffeta romance blue sheath dresses with a blue tulle overskirt. In their hair they wore crowns of pearls trimmed with tulle and also matching blue shoes. All carried colonial bouquets of white carnations with a center of white roses.

Mary Ann Carrier, sister of the bride, was a junior bridesmaid, dressed in an ice blue taffeta with a full skirt of blue tulle and bows similar to that of the bride. She also wore blue shoes and matching head piece. She carried a miniature version of the bridesmaids bouquets.

All wore pearl necklaces and earrings, gifts of the bride.

Serving his brother as best man was Edward Wagner. Ushers were Clarence Wagner, Jack Carrier and Jack Meyers. All wore midnight blue tuxedos.

The bride's mother wore a dusty rose lace dress with blue accessories. Her corsage, like the groom's mother, was of white cymbidiums. The groom's mother was dressed in a beige lace dress.

Mrs. Marge Raatjes played the organ and accompanied Mrs. Naomi West Smith who sang "I Walk With Thee" as the guests were being assembled. Other selections were, "Because," and "The Lord's Prayer."

The church altar was decorated with white mum plants and two pair of seven branch candelabra.

The reception immediately following the ceremony was held at Cavallini's in Midlothian for 400 guests. The four tiered wedding cake topped with a miniature bride and groom was centered on a table

draped with blue and white satin.

Out of town guests came from Arizona, Wisconsin and Florida.

The couple left by plane for a one week trip to Fort Lauderdale, Fla. They have set up housekeeping in their new home at 5561 Margie Lane, Oak Forest.

The bride is a graduate of Carl Sandburg High school and is employed by Duffy Construction Co. of Orland Park. The groom is a graduate of Fenger High school and is an Illinois State policeman.

Frankfort Legion Auxiliary Hold Annual Egg Hunt

The Frankfort American Legion Auxiliary's annual egg hunt will be held at 10 a.m. Saturday, March 28, for which colored eggs are being solicited. They may be taken to the homes of Mrs. Melvin Eastman, Mrs. Dan Hecht, or Mrs. Glenn Burkett. The event is being held at the school.

Rehabilitation chairman, Mrs. Eastman, has scheduled a party for the Tinley Park State hospital at 9:30 a.m. on April 7. Members are asked to donate T-shirts, (large), socks, size 11, handkerchiefs, combs and brushes or pipes and tobacco pouches.

Garden tools can be conveniently stored by sticking them in a box of sand mixed with a little crankcase oil. Keeps them safe, clean and rust free.

Rubber heel marks can be removed from floors by wiping with kerosene, turpentine, or floor oil.

Will County Artists to Exhibit At Farm and Home Festival

Nine Will County amateur artists have been invited to exhibit at the Illinois Town and Country Art Show April 2-4 at the University of Illinois, Urbana, according to A. A. Wicklein, and Betty Shinn, Will County Farm and Home Advisers. The entries were selected at the Will County Art Show held February 23 at the YMCA, Joliet. Prof. Charles Sander of the University of Illinois college of fine and applied arts served as judge.

The Illinois Town and Country Art show is a feature of the Farm and Home Festival. It is sponsored by the University of Illinois College of Agriculture with the cooperation of the college of fine and applied arts. Two hundred fifty pieces will be selected from some sixty counties for the show. Entries will include original works in oil, water colors, pastels, ink and pencil. One section of the exhibit will be devoted to ceramic work, metal enameling, wood carving and weaving.

The exhibit, which will be in Bevier Hall, will be open from 9 a.m. to 9 p.m. on April 2 and 3 and from 9 until 5 on April 4. Gallery events and craft demonstrations will be presented each day during the exhibit.

The amateur artists selected to represent Will county are: Mrs. Dolores Nathan and Mrs. Thomas Dorsey, both of Joliet, Mrs. Verna Wilker, Miss Sue Rowley, Mrs. Margaret Stewart of Plainfield, Mrs. Patricia Rose of Joliet, Mrs. George Caskey of Hazelcrest, Erwin Hobby of Joliet and Mrs. Dolores Barden of Joliet.

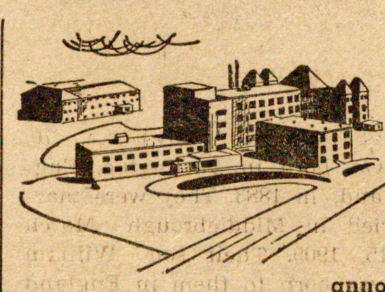

Area 4-H Clubs Win Awards for Window Displays

Among the 4H clubs in the area who were winners in the recent window display project held during National 4H week are the following: Green Garden Go-Getters, Green Garden Snip 'N Snack, Monette Clod Busters and New Lenox Blue Birds. They received awards at the 4H rally in Peotone.

The theme of the displays was "Improving Family and Community Living."

Among the 21 participating clubs who received ribbons were the Homer Fire Flies and the Frankfort New Lenox club.

"I want a car that's BUILT FOR PEOPLE" "Just like a woman! I want a car BUILT FOR SAVINGS"

"Dave, I've found exactly the right car for us! I'll make driving ever so much more comfortable."

"Comfort's fine, Nancy, but we've got to consider savings, too. And I've found just the car for that!"

"But the car I've found is so easy to get in and out of... and so comfy to sit in."

"Yes, but my car will save us as much as \$1.00 on every tankful of gas because it uses regular. How about that?"

"Well, that's nice, but what about my frilly hats? We'll have hat room not just head room in my car. And you're no shorty, either... you'd bump your head in a lot of those new cars."

"Not in this one. And it only needs oil changes each 4000 miles. Its muffler is aluminumized to normally last twice as long, too."

"In the car I want, everybody enjoys a soft comfortable seat... even the folks in the middle! This car's built just right for us... and besides, I think it's cute."

"Sure, looks are important... and my car will keep on looking good 'cause its finish is so bright and durable it never needs waxing."

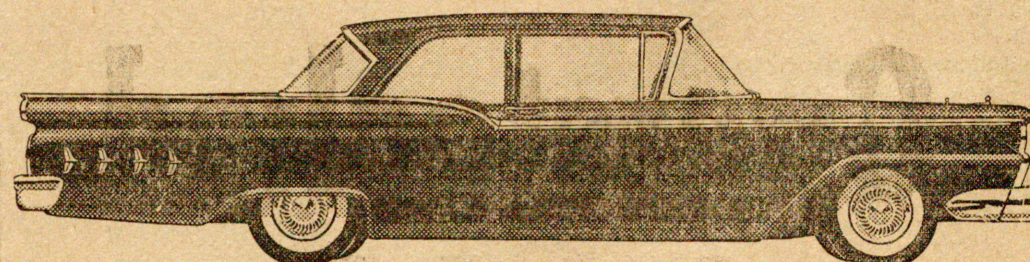

"Well, the nice man at the Ford Dealer's told me..."

"Did you say FORD?... that's the car I want, too! And we can save as much as \$102.75 on purchase price alone! What are we waiting for?"

"Darling, you're a genius!"

MR. AND MRS. LAWRENCE

Mr. and Mrs. Harry Lawrence Celebrate Golden Anniversary

Mr. and Mrs. Harry Lawrence, 220 N. Division st., Mokena, celebrated their golden wedding anniversary March 15 with a dinner served in Cavallini's restaurant in Midlothian, following attendance at church services in St. John's United Church of Christ at Mokena.

There were 42 at the dinner. The tables were decorated with gold candlesticks holding lighted tapers on a gold money tree banked with yellow daffodils at the base. There were also vases of golden flowers and a beautiful wedding cake decorated with spun sugar giving the cake the appearance of gold satin.

The couple's son, William, proposed a toast to his parents in which he brought forth the high esteem which this worthy couple is held in the minds of their family and friends.

Mrs. Lawrence had a white orchid corsage tied with a golden ribbon and Mr. Lawrence had a white carnation boutonniere with a yellow tie. Mrs. Lawrence, 72, was born in Middlebrough, England, in

1887 and Mr. Lawrence, 76, was born in Darlington, England, in 1883. They were married in Middlebrough March 15, 1909. Their son William was born to them in England and in 1912 the family came to this country, settling in Chicago. Mr. Lawrence carried on his trade, that of a template maker, working at the Kenwood Bridge Co.

Because of the serious illness of her mother, the family returned to England in 1915 and because of the war, they could not return to this country until 1920. During this period, while in England, their daughter, now Mrs. Charles Kelch of Mokena, was born.

Upon the return of the family to Chicago, Mr. Lawrence followed his trade again, this time working for the Bethlehem Steel company where he is still employed, traveling from Mokena to Chicago each day by train.

The family had another outstanding event, in 1927 when they became citizens of the U. S. A.

Furniture, Fabrics, Flowers, Food, to Highlight Home Festival

From furniture to fabrics, food and flowers, visitors to the University of Illinois Farm and Home Festival, April 2, 3 and 4 can hear some of the latest developments and research findings concerning the home and family.

Two morning and two afternoon presentations by authoritative speakers are scheduled for each day of the Festival. Mrs. Ruth Galbraith, textile research worker, will discuss some results of research that she has just completed a synthetic detergents.

Her talk will include the effects of water hardness, detergent concentration and type of detergent on the amount of an artificial soil removed from six kinds of fabrics.

Church Guild Plans Annual Mission Day

The annual India Mission Day program is being planned by Zion Lutheran church Mission Guild of Tinley Park. This was announced by Mrs. Stanley Heed at the meeting March 16. Miss Delores Dohlen, a foreign missionary, will be the principal speaker.

Other events to aid the foreign mission field is the Lutheran World Relief clothing drive from April 12 to 19, and packing of Christmas cheer boxes for the New Guinea field at Chicago warehouse next month. Five members volunteered to assist with the packing.

Mrs. Ben Deck presided at the meeting and Mrs. Dawn Runge led the devotions. Guests were Mrs. Harold Lutke and Mrs. Robert Oates. The pastor, Rev. Randolph Hahn gave an informative talk on North America Missions. Place mats, napkins, and table decorations contained added information on the topic.

Refreshments were served by Mrs. James Sundeen and Mrs. Paul Neilsen.

Hold Rummage And Bake Sale at Doctor School

The Doctor school Parent-Teacher association will hold a rummage sale and bake sale April 11 at the old Doctor school, 159th st. and 113th ct., Orland township, at 9:30 a.m.

The PTA will appreciate donations of bakery goods. Also, anyone wishing to donate articles to the rummage sale may have them picked up by calling Mrs. Charles Stewart, Fieldbrook 9-3010 or Mrs. Edward Umek, Fieldbrook 9-3084.

rics. She will also report on the soil suspending power of 24 detergents and the amounts of graying and yellowing that occurred during four laundries in her study.

Other speakers will cover such topics as the design features to look for in space saving furniture, food facts behind food fads and preparing a family style buffet supper.

There will also be some ideas for home improvement, including new aids in remodeling and woods to use for paneling an interior finishes.

Two agricultural economists will talk about your food dollar, and a floriculturist and his student will conduct a school of floral design.

EXPECT LARGE CROWDS—

(Continued from page 1) Love," written by John W. Peterson, will be under the direction of Mrs. Thomas Booble. Accompanist at the piano will be Mrs. Theodore Rydell.

The cantata depicts parts of the life and message of Jesus Christ, climaxing in the Holy Week message of His betrayal, death and resurrection.

Everyone in the community is cordially invited to attend. As a climax to Holy Week observances, Immanuel Ev. Lutheran church, will hold two services Easter Sunday. A dawn service will be held at 6 a.m. and a second service at the regular worship hour of 10 a.m. The public is welcome at either service as well as at the Bible school at 9 a.m.

"Now Is Christ Risen" is the subject of the Easter sermon by the Rev. A. J. Seltmann, pastor.

At the Methodist church there will be a Good Friday Communion service at 8 pm. On Easter Sunday there will be two services, at 7 a.m. and 10:45 a.m. Sunday school will be at the usual time of 9:30 a.m.

ORLAND PARK A student, Noble Lach, son of Rev. and Mrs. A. Lach, will deliver the message at the Christ Ev. Lutheran church, on Good Friday at 8 pm.

An Easter sunrise service will be held at 6:30 a.m., also a Communion service. The Walter League will serve breakfast in the school building. Festival services will be at 10 a.m. with the Sunday school children participating.

The Church of the Nazarene will have Easter observance at 11 a.m. with the Rev. James Reedy officiating.

A sunrise service at 7 a.m. will start the Easter Sunday observance at the Methodist church. The adult Bible class will serve breakfast. Regular services will be at 9:30 and 11 a.m., the Rev. Robert Plastow officiating.

A nursery is provided for all services. At St. Michael's church, an Easter Vigil service at 10:30 p.m. Saturday, March 28, will be followed by solemn high mass at midnight. On Easter Sunday the regular scheduled masses will be held at 7, 8, 9, 10, 11 and 12.

NEW LENOX Easter choral Matins will be held at the Trinity Ev. Lutheran church, North Cedar rd. and Elm st., at 6 a.m. An Easter Festival service will be held at 10:30 a.m. The Rev. L. Reinke is pastor.

Participating in the service will be Arthur Walker, who will give the call to worship, invocation and benediction. Responsive reading will be by Charles Lauffer, scripture meditation by Roger Corp, prayer by Bonnie Sproat, with special music by the BYF girls, "In the Garden." The speaker will be Robert Stellwagen.

An Easter breakfast will follow this service, sponsored by the Baptist Youth Fellowship.

At the morning worship service at 10:30 a.m., the choir will sing "The Easter Song" and "Christ Arose." There will be a nursery during this service for small children.

At a Good Friday service at 7:45 pm. communion will be served. The Rev. Ray Hamer will speak on "The Cross and Love." The choir will sing "It Was For Me."

Orland Firemen Are Getting Ready For Fund Campaign

Orland Park volunteer firemen are getting ready to take the field soon to seek donations to its engine house building fund.

The department announced two weeks ago that it plans to erect an engine house large enough to accommodate its equipment and provide office space and a meeting place.

Contributors can take two years to pay their pledges, if they like, according to the announced plans. It is estimated the fire house will cost approximately \$18,000, with the men doing a lot of the work themselves. Firemen say there are some 900 families in the area and a \$20 donation from each would provide the sufficient funds for the building.

Tinley Gardeners Prepare Plants For Exchange Day

The March meeting of the Tinley Garden club was held at the home of Mrs. Mae Panozzo, who served a dainty spring luncheon. The table centerpiece was green carnations, white snapdragons and foliage.

President Mrs. Gervis Klepper conducted the business meeting. Reports of various chairmen were given.

Mrs. Trudie Swisher delivered 15 reference books, and 100 magazines to Oak Forest. Mrs. Edmund Moss brought little branches that she had forced into bloom.

For the program, Mrs. Elwood Klepper showed slides of wild flowers and birds. Mrs. Swisher read the cards, explaining about the flowers.

Members will prepare plants for the April exchange day. The Garden club will have assorted plants to sell from flats for Mother's Day and Memorial Day.

Prevent small throw rugs from slipping along the floor by attaching several jar rubbers to the underside.

Are Parents Attending Too Many Meetings?

Organization meetings are news and when the meetings are cancelled, it is also news, but the reason given for cancellation of Mokena Cub Pack 40 meeting Thursday night is the best we have ever heard. It is this:

"All parents want to be better parents. One way or another, they go to meetings, meetings, meetings. Maybe too many meetings. Perhaps the best way to learn how to be a good parent is to stay home and practice."

Anyway that's what the cub master, committeemen, and den mothers are advocating.

Since Thursday is Holy Thursday, they are asking that all parents take their families to church if their church is having services or stay home with their children the evening of March 26 and glory in family joy. Pop corn, read stories, play games, love one another more than usual.

The next pack meeting is scheduled for April 23.

PROPOSED COURSE OF NEW HIGHWAY THRU AREA—
The route is a part of a federal road system and this particular road, known now as F.A.I. 80, is scheduled to run from the east coast to the west coast. It enters Illinois from Indiana and comes west to pass thru the Prosperi airport on 136th street, south of Tinley Park and then continues westward to skirt the south edge of the WLS transmitting

station on U.S. 45 and on to Marley where it is scheduled to swing southwest, cross Hickory creek and the Rock Island on Gougar road, and then about three quarters of a mile south of Washington street the route is scheduled to turn west again just north of a continuation of Haven street and pass thru Joliet. It was reported that federal and state engineers wanted to route the highway south of Joliet but that

business and industrial people there brought enough pressure to bear to change it so it will pass thru that city. The route crosses the Rock Island railroad twice in Will County and the Michigan Central once. Wolf road will pass over the new highway, according to the map, so will Cedar road, as will that road which starts on Francis road, about a block west of the Wabash crossing. It would also appear that

Francis road will cross the new highway about midway between Cedar and Gougar roads. It is reported that the proposed route is still subject to change. The map shown here was furnished by the Elgin office of the Illinois state highway department. The road is not intended to serve local traffic. There will be places to enter it at Tinley, U.S. 45 and at U.S. 30 and Gougar road.

Bremen Beat

Scholarship Winners
Joan Beaman, Craig Foster, Jennifer Gilman, Marion K. Johnson, and Peter Postlewaite seniors at Bremen Community High school, were among the Illinois high school seniors who have won Illinois state scholarship awards, according to T. R. Birkhead, superintendent who received word from Gov. William Stratton.

Performances on a competitive examination constructed and scored by Science Research Associates of Chicago, along with high scholastic records, were used to determine the winners.

A total of 16,000 applicants were originally entered. Winners must inform the Illinois State Scholarship Commission, Box 607, Deerfield, Ill., of their acceptance of the scholarships by Sunday, May 10.

Next competitive examination for high school seniors will be held in the winter of 1959.

Debating Team

The debating team at Bremen Community High school will advance to the state tournament to be held April 10 and 11 at the University of Illinois in Urbana as a result of tying for first place in the sectional contest at West Aurora High school.

The Bremenites won the first place certificate by tying with Provido East of Maywood and Lyons Township of LaGrange in the competition with 25 Chicagoland schools.

George Riecke and Donna Johnson debated the affirmative side with Tom Price and Pat Rea as negative.

The other three schools from this area that will advance are East Aurora, West Aurora and Downers Grove.

Lestina Larsen and Mrs. Nancy Trimble are sponsors.

Music Contest

A Bremen Community High school clarinet trio composed of LaVerne Jankowski, Sharon Jochem, and George Riecke, with the latter also doing a clarinet solo, will advance to the state music final Friday, April 17, as a result of performances in the recent sectional music contest at Crete-Monroe.

In the sectional meet the clarinet trio and soloist received the top rating of "superior." Bud Hedden, saxophone soloist, and a French horn duet, Dan and John Mensing, were rated "excellent" along with LaVerne Jankowski in a clarinet solo.

"Group" ratings were awarded to Warren Schuler on the saxophone and to a brass sextet.

After the sectional contest an all band concert with the competing schools of Bremen, Thornton of Harvey, and Joliet took place in the gymnasium with music ranging from Dixie land to Sousa to Beethoven.

Senior Play

A cast of 28 students has been selected for the senior play, "The Thread That Runs So True," to be presented at Bremen Community High

school Friday, April 24.

Members are the following: Tom Tomson (Fred Heft, alternate) as Jesse Stuart; Jerry Hardy, John Conway; Peter Postlewaite, Don Conway; Eva Webb, Bertha Conway; Carol Sekatetz, Vaida Conway; Fred Heft, Burt Eastham; Dave Ludwa, Bill Coffee; Marion Kuhlmann (Madeleine Haase, alternate), Naomi Deane; Bill Hoffman, (Paul Fredericks, alternate), Guy Hawkins; Paul Fredericks, Budge Walters; Stanley Ferguson, Billy Leonard; Gerald Smelko, Snookie Baylor; Oda Drake, Ova Salvers; Charles Smith, Peter Snaggers.

Diane Ricchio as Robin Baylor; Marlene Ogden, Sally Walden; Shirley Thomas, Xenia Potters; Madeleine Haase, Lenora Maddox; Barbara Macak, Jenny Jarvis; Fran Walsh Minnie Frome; Nancy Thompson, Edith Hanks; Shirley Thorelli, Grandma Binlon; Betty Long, Aunt Effie Batson; Terry Yatrak, Uncle Amos Batson; Peggy Donahue, Mrs. Woods; Anne Kelly, Eva; Judy Krull, Celeste; and Gail Price as Eleanor.

Patricia Bajt is director, assisted by Christopher Hawtrey.

Summer Band Program

A six week summer band program will be instituted at Bremen Community High school Monday, June 8 through Friday, July 19, it was announced by T. R. Birkhead, superintendent, who stated that anyone living in the area served by Bremen is encouraged to participate.

Beginners, grade school students, high school students, and adults will make up the musical aggregation, with individual and class lessons available at \$6 for six lessons during the period (two lessons a week for \$12). A charge of \$3 for the six week period will be made for those who wish to supply their own instruments. Some school owned instruments will be available at a deposit of \$7.50, of which \$5 will be returned at the end of the summer program if the instrument is in the same condition as it was on issuance.

Persons wishing to participate in the concert band will be charged \$3 in addition to instrument rental.

A display of new and used band instruments will be held in the Bremen cafeteria Monday, June 8, for the inspection of interested persons, with representatives of music stores present to answer questions.

First band rehearsal will be held Wednesday, June 10, at

PTA News

The March meeting of the Arbor Park PTA convened on Thursday evening, March 19 with Mrs. R. Boza presiding. Girl Scout Troop 410 presented the colors.

Officers elected for the '59-'60 school term are: Mrs. W. Hasse, president; Mrs. R. Monson, vice president; Mrs. E. Uthe, second vice president; Mrs. E. Mrowiec, treasurer; Mrs. H. Mroula, sec. Mrs. R. Tuggle, historian.

The theme for the month is "Scouts on Review," and John Denforth spoke on Scouting.

Cub Scout Pack 245 presented a skit and craft display. Girl Scout troop 592 provided added entertainment.

Following the business meeting and Scout Review, refreshments were served by the Third grade mothers.

7:30 p.m., at which time a vote will be taken to decide the time of future rehearsals.

A general session will be held Monday, June 8 at 9 a.m. in Room 110 at Bremen for distribution of materials. Registration blanks may be obtained now from the school, and early registrants will save time reference on the lesson schedule. From 9:30 till noon on June 8 late registration and further scheduling of individual lessons will be made. Individual conferences will be conducted at that time.

Donald Hollingsworth, Bremen band director, who will conduct the program, stated that concerts will be performed in neighboring communities if the communities can provide places to perform and transportation.

Scout News

Tinley Park Girl Scout Neighborhood District 2 met at the Central School Tuesday evening with Mrs. Harry Verwey their chairman.

Report on troops came up with this amazing total: ten Brownie troops, eight Intermediate troops and one Senior troop. Well over 350 girls are in the Tinley Park Scouting program with a waiting list now forming.

The Kirby McIntosh school area is desirous of having a Brownie troop. If there are several mothers interested in assisting with this problem, please get in touch with Mrs. Verwey, KE 2-4787. It is hoped that a new troop may find a suitable meeting place and at least five mothers willing to give several hours each week to provide this fine outlet for the growing girl of seven thru ten years of age.

The Girl Scouts have been selling their cookies and will make deliveries very soon. Mrs. Ruth Turner is Neighborhood cookie chairman. The local Cookie Day will be set for the end of April.

Fourteen ladies from Tinley concluded the ten week group leadership course which has been conducted here. They will have much to take back into their troop work.

The Neighborhood meets the fourth Tuesday of each month. April 28 will be the next date. Visitors are welcome to these meetings.

Episcopal Mission To Sponsor Concert At Central School

The Milwaukee Road Choral club will give a concert April 17 at the Tinley Park Central school auditorium. The concert is being sponsored by St. Boniface Episcopal Mission. The choral club will present a wide variety of selections. Refreshments will be served after the concert by the Woman's Auxiliary of St. Boniface church.

Tickets may be obtained from any member of the church or by calling Robert R. Rawson at KE1092-2-4197.

Cheaper to Ride Train than Drive, Says Rock Island

(CNS) The Illinois Commerce Commission on Friday continued to May 12 the hearings on the Rock Island Lines petition

for a fourth 20 per cent commuter fare increase in six years.

The railroad closed its case Wednesday and Friday with testimony by Harold Miller of Blue Island, railroad statistician, establishing the point that it would still be cheaper to ride the Rock Island than drive downtown and park one's car under the proposed increase.

On May 12, the next hearing before Examiner McElroy will receive testimony proffered by the Ridge Civic Council of the Beverly Hills area and any other groups or individuals that may want to appear against the increase.

The federal government estimates it will be another 50 years before the entire United States has been adequately mapped.

Cards of Thanks

We wish to thank the Mokena Volunteer fire dept. for their promptness and efficiency when we had our recent fire.

Mr. and Mrs. Jerry Nelson Mokena

We are deeply grateful to our relatives, neighbors and friends for their many deeds of kindness and sympathy extended to us at the time of the death of our husband and father, Fred Knudsen; also to the Rev. William Riemann, the organist and soloist for their comforting service, for the floral offerings and memorials.

The Fred Knudsen Family Mokena

Words cannot adequately express our gratitude to all the people in Mokena who came to our assistance and who expressed their sympathy to us so graciously at the time of the death of our husband and father, William Henry Geisler. Your thoughtfulness will always be remembered.

Mrs. Mary Geisler and sons Mokena

I wish to thank friends and relatives for their many lovely cards and visits during my recent hospitalization at Ingal Memorial hospital and since my return home. Their thoughtfulness will always be remembered.

Mrs. Harry Patton Tinley Park

I wish to thank relatives and friends for gifts, cards, and flowers received during my recent stay in the hospital. Special thanks to Rev. Erich Bizer for visits and prayers. Your thoughtfulness will always be remembered.

Mrs. Lloyd Lühring Frankfort

We wish to express heartfelt thanks to relatives, friends, and neighbors for their kind expressions of sympathy in the loss of our beloved husband and father, Wm. E. Zorn.

A special thanks to Rev. Kirkland, Dr. H. Feldmann, Tinley Park police and emergency squad. Also to the Dorcas Society of the Church of Christ for cards of sympathy.

In Memoriam

MEEK, Minnie E. In loving memory of our mother who passed away five years ago, March 28.

Often we pause and think of you And think how you died. To think you could not say goodbye, Before you closed your eyes.

Son Waldo and Dorothy Harvey

MEEK, Minnie E. In loving memory of our wife, mother and grandmother, who passed away five years ago March 28.

Loving memories can never die, As years roll on and days pass by. In our hearts a memory is kept Of one we loved and will never forget.

Husband Frank, Daughter Doris Christman and grandson Robert Christman Mokena

Farewell, Jim Lloyd, you were my friend. Your passing should not be grieved too greatly because you lived a rich and full life. You were not too rich in the monetary sense but you were rich in the things that really matter. You were rich in having a multitude of friends that loved you dearly. You were rich in having a wonderful wife, children and grandchildren. You were rich in many and varied interests including all sports. You could talk intelligently on almost any subject.

Farewell. Your passing leaves a void not to be filled too quickly by common men. You have earned your rest after a life of hard work. Farewell. Lyman Anfield Tinley Park

Wasteful Highway Planning

On another page in this paper is reproduction of a part of the map showing the proposed route of the east west coast federal aid highway—F.I.A. 80—from the eastern boundary of Will county, just west of Tinley Park, into Joliet.

The highway would enter Illinois from Indiana and after passing thru Joliet connect up with U.S. 6 someplace near Channahon. Just where it goes from there is not material as far as this area is concerned.

In fact such a highway will have little or no practical use for the people in this or the Joliet area unless they wish to travel a long distance. It would take too much time going to and from points of entry to be of any value for local travel.

And the same thing is true of Joliet, so far as local traffic is concerned. As far as we can see the only thing accomplished by routing the highway thru Joliet will be to satisfy the ego of a few men there who have been clamoring for a high level bridge across the waterway. They don't care if it works or not. Apparently by some freak delusion they fancy such a bridge will serve them as a memorial.

A high level bridge would be an excellent thing for Joliet if it were built for the express purpose of serving the traffic of that community. In fact Joliet could use a couple of such bridges. But if built for local purposes it is doubtful if the state or federal governments would put any money in the project and for the city of Joliet to go it alone would be too much for its financial resources.

So when it was learned that one of the new highways to be built with federal aid and state funds was to be rented in the vicinity of Joliet some of the eager beavers saw an opportunity to grab off fat parts as public benefactors and began pulling strings to bring the road thru Joliet, with a high bridge across the waterway.

The fact that the river crossing is of no practical value to relieve traffic congestion in Joliet; that it will cost the Joliet citizens more money than they realize to link up streets with points of entry and that it will depreciate considerable property, apparently has no bearing on the situation.

Such a high level bridge is like a punch-board watch—it looks good but doesn't function.

Having been thru three wars and the New Deal most of us have become so accustomed to watching the congress and bureaucrats throw our money away that we have come to accept it as a way of life. But we can't go on this way. If we do we are headed for bankruptcy.

The highway program by itself wouldn't break us but it is only one of many ways in which public money is being wasted. We do not wish to imply that highways are not needed. On the contrary. But we should blow

the whistle when we see our money thrown away.

From the information we have been able to obtain when F.I.A. 80 was planned, the engineers had not counted on taking it thru Joliet. They intended to angle thru open country in a southwesterly direction, by-passing Joliet.

A glance at the map in this issue would show how easily this could be done. Farmland purchased for right-of-way probably could be purchased for less than \$2,000 an acre. But by coming thru the subdivisions that the present route does, right-of-way could cost \$10,000 an acre.

In some sections new homes, some of them quite expensive, will be taken as a part of the right-of-way, according to those familiar with the area.

By coming straight west of Tinley Park instead of angling to the south and by-passing Joliet the route will cross the Rock Island, about a mile east of U.S. 45 and again at Gougar road. There will also be a crossing for the Michigan Central, south of U.S. 30. These crossings are very costly, it was explained. So will the bridges be over Hickory creek.

Some have estimated that the crossing at Gougar road and U.S. 30, which also is a point of entry for the highway, will cost as much as the high level bridge planned for Joliet and that is more than \$1 million. By taking a route further south all these addition costs would be eliminated.

From Washington recently has come word that the cost of the federal highway building program will cost more than was anticipated and backers of the program would hike the gasoline tax another cent and a half a gallon to get more revenue. If the other highways are being planned like F.I.A. 80 we can see why the costs will exceed the original estimates.

Engineers say that the route as shown on the map published today is not final. We hope so. We hope the plans will be revised that the highway may be built with less money. It can be done. By-passing Joliet, it is stated, would save millions.

It would seem that the only political pressure brought to bear on Congress and government agencies is concerned with grabs of public funds. The only way this can be halted is to bring as much pressure on Washington from the economically minded.

Certainly, the majority of the people of this country, can't be in favor of national bankruptcy.

But don't keep your opinions and feelings a secret. If you see something to yell about, yell about, yell to your congressman, your U.S. Senator and any other elected official that has something to say about how your money is spent.

And a good thing to start yelling about is this highway scheme.

New Lenox Lumber Dealers Attend Estimate Workshop

Glenn Vally and George Vally, of New Lenox Lumber and Hardware Company, New Lenox, were among 59 building material retailers who completed a concentrated 3-day training workshop in advanced estimating techniques at Springfield, March 9, 10 and 11.

The purpose of the workshop was to enable the lumber dealers involved to provide a greater service to their customers by being able to give those customers rapidly an accurate cost estimate of the materials required to build a new home or garage or to modernize an older home.

atomic testing before the danger point is reached.

A brighter picture exists for the medical use of atomic energy. This field developed with the use of radioactive isotopes. Imagine a can of beans in which all the beans are brown except one which is red. The red bean is similar to a radioactive isotope. It is still a bean but it can always be recognized among other beans because it is red. In the same way, scientists and doctors can use radioactive chemicals in tiny amounts and trace the course of these chemicals in the body by their radioactivity. In this manner vast amounts of information have been gathered concerning the behavior of important body chemicals. Such tracing doses of chemicals are called radioactive cocktails and they are most important in diagnosing various forms of thyroid diseases, as well as other conditions.

The same cocktails in stronger doses can be used to treat some types of cancer. Radioactive isotopes can also be used in X-ray machines to treat cancer. These have the advantage of being as effective as standard forms of X-ray without many of the disagreeable side effects of the older type of treatment.

In the very near future the world, its peoples and their leaders, must decide whether atomic energy will be remembered for its radiation sickness and fallout or for its radioactive cocktails. One memory stands for death and illness, the other for life and health. If we still have a choice, time to make it is fast running out.

On Second Thot

by Glenn F. Logan
Communities today that do not have stringent zoning and subdivision ordinances—and what is more important, enforce them—are maintaining a fool's paradise.

There is enough of the sucker in most of us that we can easily be misled by the persuasive spiel of the pitchman we are lost.

There is a lot of larceny committed in the name of growth and progress and not the least is the theft of beauty and usefulness from the land.

In too many villages the siren song of the subdivision, the great humanitarian who plans to build hundreds of drab low price, drab, dreary looking, identical houses to be sold for no money down and a lifetime of payments, is joyfully received. The subdivision is greeted with open arms.

Too many people are figuring ways to make a personal score out of the project to think of what it may do to the community.

Just recently the Mokena village board was advised by the city planners hired to make land use recommendations for Mokena - Frankfort area, to have no truck with subdivisions planning nine- and twelve thousand dollar houses. Such homes are too costly for a community, they said. The services demanded to satisfy the needs of such residents must be borne by the other people of the village, as few homes begin to pay their way.

Look at this for a "fr instance." The cost for a pupil in the Mokena grade school last year was around \$256. The school tax rate for that period was \$1.042 per \$100 equalized assessed valuation. The rate for 1958 is not yet available. So last year a \$9,000 house probably would have been assessed around \$4,000. The amount of tax paid the Mokena grade school district by the owner of such a house

would have been \$41.68, according to figures obtained from the plan commission. Subtract \$41 from \$256 and one sees how far away one is from paying way. If one had two children the cost to the school district would have been \$512 while the cost to the taxpayers would have been reduced to \$20.50 a child.

Getting back to subdivision and zoning ordinances, Orland Park and Tinley Park make side-walks, curbs and gutters a must in their subdivision ordinances. It would be well if Mokena, Frankfort and New Lenox followed suit.

Where there are no curbs, street grades become too high and water flows over lawns. If there are sidewalks, they become flooded.

It's a mess.

Indiscriminate use of land is becoming more and more of a headache throuout the nation. How we are going to eat if our population keeps increasing and if the better farmland is sold for subdivisions and factory sites is something that we should think about.

Perhaps they can brew up concoctions in chemical laboratories that have nutritional value but personally we favor the kind of a meal that is grown on a farm.

In the past decade, according to figures gathered by experts, more than 20-million acres of the best farmland adjacent to cities have been turned into look-alike houses, hot dog emporiums, saloons and shopping centers.

As a nation we are still not crowded like some European and Asiatic countries, because we have a lot of desert and mountains where few humans reside. Yet the square miles are there for statistical purposes. There may be several thousand persons residing in a square mile in New York City, for example. But the statisticians pay no attention to that.

They reason that if this overflow were transferred to, say Death Valley, the population per square mile would be cut to such and such a figure. Thus they prove we are not troubled with overcrowding.

It is difficult, tho, to send children to those mythical

schools in the deserts and mountains.

ATOMIC ENERGY
AND MEDICINE

This is the atomic age, we are told. The development of atomic energy has affected national politics and international relations, industry and agriculture. The effect of atomic energy on the practice of medicine occurs in two widely separated areas: one is extremely harmful, the other very beneficial, to humanity.

Doctors, of course, would be involved in any atomic disaster. The immediate effects on humans from such a bomb are no different than from a non-atomic bomb. Deaths occur from the blast effects of the explosion, from flying debris and from the terrific heat and fire. It is the survivors who will suffer from the atomic radiation if they are in the area. The particles of an exploding atomic bomb are radioactive; that is, each article sprays out a continuous wave of radiation.

This radiation can produce burns or internal damage, especially to the bone marrow which produces the red and white blood corpuscles. These effects of radiation are slow to develop and radiation

sickness, as it is called, may occur any time from three days to three years after exposure, depending on the dose of radiation absorbed by the individual.

Thus far, the treatment for such an illness is not completely successful. In less serious cases, blood transfusions are used to correct anemia and antibiotics provide protection against infection until the injured bone marrow recovers sufficiently to produce its own red and white blood cells again. If the bone marrow is too seriously injured to recover, the patient will eventually die, despite the use of transfusions and antibiotics.

Another medical problem involves radioactive fallout which occurs when rain clouds and wind currents from atomic testing areas become contaminated with radioactive particles which they carry to other parts of the world. Some of this radioactivity is passed on to humans by direct con-

Roller Skating Party Planned For April 7 by Band Boosters

By DELORES ANDERSON
New Lenox 3651

Plans for a roller skating party were made at the recent meeting of the New Lenox grade school Band Boosters group. The party will be held Tuesday, April 7 from 6:30 until 9:30 pm. at the Lockport roller rink for the band members and their families.

Several parents of the beginner band members were present. For the program, the band entertained with several of their contest numbers. Band directors, Dave Habley of the Ludwig grade school of Lockport, and Robert Taylor of the Lincoln-Way High school attended this meeting, and judged the band, helping to improve it with their comments.

Members of the Second Child Study club will meet Tuesday, March 31, at 8 p. m. at the Lions Den. Members of the First Child Study club will be guests at this meeting. Guest speaker will be Dr. Eugene Curran, Chiropodist from Joliet. The committee in charge of this meeting will be Mrs. Frank Chandler, Mrs. Tom Chamberlin, Mrs. Walter Reeser and Mrs. Eugene Krohn.

Officers for the year were elected at the recent meeting of the Episcopal Young Church mens group as follows: Margo Book, president; Claudia Peterson, vice president; and Tom Carr, secretary treasurer. Mr. and Mrs. Eric Cook of Mokena sponsor this group.

It was voted to meet the second and fourth Sunday of April at 6:30 pm. in the church hall for program and recreation. Parents of the young people serve as chaperones. Claudia Peterson served refreshments.

Officers elected at the recent meeting of the Teen club were: President, Ronnie Tarrant; secretary, Sharon Vally; vice president, Joy Campbell, treasurer, Jim McClarren; and sergeant at arms, George Dowle.

The teens met Friday night, March 20 for a social evening at the Lions Den, where they meet each week, either on Friday or Saturday night. Chaperones at this meeting were: Mrs. Jack Tarrant, Mr. and Mrs. U. L. Henry and George Kennedy.

Plans were made to hold a hay rack ride in the near future, and rules were discussed regarding the new membership cards.

The next meeting will be held Saturday nite, March 28 from 8 until 11 pm. and after

Business and Finance

By MAURICE P. ANGLAND
Recently Samuel Stedman, analyst of Carl M. Loeb, Rhoades & Co., members of the New

York Stock Exchange, addressed a group of brokers and some of their larger customers in Minneapolis. Carl M. Loeb, Rhoades & Co., is very well known to investment men although not so well known to the public generally. Theirs is mainly an institutional business and acting as "clearing firm" for brokerage firms that do not have a New York office.

The following are excerpts from this address:

By and large the institutional investor has come to recognize that stocks are not going to sell off the way they used to, and that he is in competition with other institutional buyers some of whom may have more money to invest, or have more compulsion to buy or have a little less experience and therefore may be unwittingly pay more than they should.

The market has been supported by psychological factors and by the compulsive necessity of many institutions to put money to work. There is no change imminent in the latter condition but it is necessary to be alert to possible changes or gradations in psychological pressures which could develop from time to time.

The underlying forces of supply and demand are still at work and the amount of money that could or must be invested in commons is actually greater than the supply of stocks. The floating supply diminishes every time an institution makes an important purchase; it diminishes as an individual watches the price of a stock he owns continue to climb because the contingent capital gains tax liability becomes more difficult to face.

Now that yields on priorities are even more alluring, there could be a little more shifting from the emphasis on common stock buying to priorities. However, there has been great disillusionment on the part of a number of individuals, and an increasing number of institutions, on the reliance in an age of inflation on this type of priority investment. The thing about inflation is not that the rate is certain but that the condition of continuous, unremitting deterioration of the purchasing power of the dollar is now almost universally accepted in investment and financial circles.

The other thing that could and probably will moderate this market to some extent is the increased floating of equity type securities which has been surprisingly small up to now. Surprisingly small, because it should be tempting to financial managers to raise money at practically no cost in the form of dividends and practically minor dilution based on the number of shares that have to be sold to raise the required amount of money. Once business is in more of an expansion mood as far as construction of physical capacity is concerned, it probably will be found that the old attraction of debt financing, because of the 52% tax rate, is moderated by the fact that the same amount of money could be raised on a permanent basis with minor dilution and minor carrying costs.

This means that the price people are willing to pay and must pay for securities is probably permanently higher. There is no change visible in the kind of competition for certain types of securities on the part of institutions—and they can afford to pay higher prices on long term investment basis.

The dominant theme in the approved list recently prepared by Carl M. Loeb, Rhoades &

Church Group Is Planning Fashion Show

By MRS. LILLIAN KNOX
Fieldbrook 9-0211

St. Michael's Altar and Rosary Society is sponsoring a luncheon and fashion show, "Hat Full of Fashion," Thursday, April 2, at the Edgewood Valley Country club.

The ladies modeling the spring and summer fashions are: Mesdames Bezdek, McBride, Paetow, Pernal, Breen, Radel, Garrity, Hutchinson, Grigus and Harty.

Mrs. James P. Foley, chairman, stated that reservations are limited. Those wishing to attend should contact Mrs. J. M. Schutte, FI 8-3834 or Mrs. H. N. VanHenkelum, GI 8-0823 for tickets. Mrs. J. S. Haney, GI 8-6732 is making the table reservations. Luncheon will be served at noon.

The past directors club meeting of 8th District, American Legion Auxiliary, was held March 16 at the home of Mrs. Charles Hart in Worth. Lilah Kruspe of Orland along with Mrs. Hart, Mrs. Sam Stramaglia of Evergreen, Mrs. George Rowden, Tinley Park, Mrs. Roy Garland, South Holland and Mrs. J. S. Miller of Chicago Heights were hostesses. There were 15 Past Directors at the meeting.

The regular meeting of the Orland Park Woman's club was held March 18 at the Community Center Foundation. The following officers were elected: Mrs. Chester Williams, president; Mrs. Karl Ekberg, 1st vice president; Mrs. Fred Blackstone, 2nd vice president, and Mrs. Stanley Knight, sec.

The members voted to hold the annual spring luncheon at White Fence farm, May 20. Miss Merrell Schuessler, daughter of Dr. and Mrs. E. W. Schuessler will present the program with a selection of songs.

The covered dish luncheon and annual meeting will be held April 15 at the Community Center. Installation of officers will be held.

Mrs. Herman Wilz, reviewed the book, "Reading the Landscape" by Mrs. Raymond Watts. Refreshments were served by hostesses—Mrs. Ray Myrick, Mrs. Fred Blackstone, Mrs. Chester Williams and Mrs. Sherman Knox.

Fourteen members attended a tour last Tuesday at Lascars Furriers in Chicago. Mr. Lascars presented a check for \$14. to the club, which will be presented to the Carl Sandburg High school scholarship fund. Those who could not attend the tour gave a dollar to make the amount \$20.

The Orland Park Fire department was called to Raschke's on 159th st. and Rt. 45 last Wednesday, where a sump pump motor caused a fire. There was no other damage but the burned out motor.

Thursday, March 19 they were summoned to a rubbish fire in Orland Park Hills, and Sunday morning they were called to the James Ashley home on 155th St. and 116th st. for the inhalator.

The Ladies Aid of Christ Ev. Lutheran church will conduct their annual pre-Easter Bake sale, Saturday

Company is a stable based consumer type activity. So far as the investor is concerned, this is the age of the consumer, Loeb, Rhoades has emphasized its liking for grocery chains and has directed attention to the so-called packaged or convenience food type which are so well represented by Pillsbury and General Mills. General Foods is also attractive in this group.

Needless Farm Accidents Take Heavy Toll

Needless accidents continue to kill thousands of farm people and injure more than 1,250,000 each year.

Farm accidents are far more numerous than are accidents to workers in manufacturing industries, says O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture. Hogsett reports that 64 accident fatalities per 100,000 farm workers occurred during a given year compared with 20 accident fatalities per 100,000 workers in manufacturing.

Experience shows that nearly all farm accidents result from faulty human behavior—the inability to recognize hazards and to cope with them safely. The typical American farm is family operated, and many working, playing, driving and housekeeping practices must be changed in order to eliminate the causes of farm accidents. It is imperative that all members of the family be made safety conscious; that is, they should be aware of the danger spots around the farm and the dangerous practices they are using.

Accidents can only happen when we tolerate an unsafe condition or do an unsafe act. Accidents have no respect for age or experience.

SCOUT NEWS

Girl Scout Troop 383

Last month Girl Scout troop 383 of Country Club Hills heard a talk on France and the Girl Guides of that country, by Mrs. C. W. Neely, who was a Girl Scout Guide for many years. A native of France, Mrs. Neely is now living in Flossmoor where she participates in Girl Scout work.

In January the troop saw a first aid demonstration given by Mrs. Noble Rich, a registered nurse. Each girl learned how to use a triangular bandage.

The girls are now making Easter tray favors for a local hospital.

Newly elected patrol leaders are Linda Adler of the Foresters, Althea MacKenzie of the Bluebirds and Sharon Smith of the Robins. Elected troop secretary was Patricia Wachala, and troop treasurer Christine Heist.

"The Egyptians utilized 20 per cent of their national potential for 20 years to build the Great Pyramid. If we applied the same percentage of national effort for the same time, we could put the pyramid in orbit."

The Motor Club points out that in wintry weather, drivers who leave and re-enter their cars frequently may find a layer of ice building up on the brake pedal and other foot controls. So it's important that you take time to scrape away any accumulation of snow or ice from them. A slip of the foot could mean loss of control of your car and result in a serious accident.

LINCOLN LOG

District 210 will be host to the incoming freshman students at its annual Step-Up Day April 6. The purpose of this day is to acquaint the incoming students with the curriculum of the high school and to provide an opportunity for them to meet the Lincoln-Way staff.

The day will begin with a special assembly in the auditorium with the Lincoln-Way Band playing the loyalty song and the freshmen cheerleaders giving some rousing cheers of welcome.

Short welcomes will be given by A. Hunter Chapman, principal, and Earl H. Dieken, assistant principal. Jim Gast, president of the Lincoln-Way Student council, and Ron Yunker, president of the class of 1962 will give the student welcome. Representatives of the 9th grade social studies classes will present a short verbal picture entitled "Inside Lincoln-Way."

After the assembly program the students will be ushered to their home rooms for information about the freshman program and for the freshman guidance tests. Eighteen members of the present 9th grade class are to serve in the capacity of student host and hostesses to help the students get acquainted with the high school building and faculty. This year these students have been working on a special booklet which will be given to each of the eighth graders.

A special assembly program will be held during one of the lunch periods to introduce the athletic program with its many and varied activities to the new students.

The last item of the day is a tour of the building during which time the students are introduced to the practical arts teachers.

The school buses will follow the regular schedule on this day and new students can board the bus at any one of the regular stops.

The parents of the eighth grade students will be invited

to one of two conferences evenings with the teachers and counselors, which has been set for April 28 and April 30.

F.T.A. VISITS ILL. NORMAL

Lincoln-Way high school Future Teachers Association took its annual field trip to visit Illinois State Normal University at Normal last Thursday, March 19. Mrs. Della Hussey, one of the club sponsors and faculty advisor suggested, "It was very informative and of great help to those students looking forward to a teaching career."

Thirty seven of the sixty students in the club actually made the trip. Many were sick with the flu. The group toured the new Thomas Metcalf Laboratory school. Then they visited the special education building where they observed the teaching of the handicapped.

They had lunch at the Student Union and finished the day by a question and answer period with officials.

Mrs. George Smith of New Lenox, Mrs. Everett Martin of Manhattan and Mrs. Floyd Martin of Lincoln Estates, parents of students, went along for the trip.

GRANTS TO L-W FACULTY

Mrs. Della Hussey and Mr. Ralph Christison, both members of the Lincoln-Way High School faculty and mathematics department have received summer graduate work grants from the National Science Foundation.

Mrs. Hussey received a General Electric fellowship at Purdue University last year. This year she commences her work at Case Institute of Technology in Cleveland. The grant will cover new methods in the teaching of Math as well as work with computers. The course will run for six weeks.

Mr. Christison will study new developments in the field of mathematics. Curriculum change will be the major concern of his eight weeks at Purdue University. This grant is for \$600 plus tuition for the summer program.
